Heifer Futurity
Most of the nominees for the first annual Red Brangus Superior Quality Heifer Futurity were delivered to the Paleface Ranch over the Labor Day Weekend. They will be on feed there from now until sale date on December 1. Prospective buyers and other visitors are welcome at any time to come by and watch their progress. I was there on Sunday to take a look and believe me, the quality is terrific! The competition for prize winners will be real tough. Remember that each ranch was allowed only one entry, so each and every heifer is top of the line. This sale will offer an unprecedented opportunity for you to acquire top notch females that plainly cannot normally be bought at any price.

Stuph & Thangs (CONT. FROM PAGE 1)

you name it.
None of these things has brought the sky tumbling down around our ears. On the other hand, we have been uniformly successful in our inability to solve a dang one of these problems. If you don't look at the dates, yesterday's problems could very well be those we have today. Even the parties we were going to have in all these sales of we were in the same.

Durin's all the years the people of America have awested these things out and time and time again, there have been people in power who were every bit as obnoxious as the Burrocrats and Gov. Regulators have today. The thing always had a way of workin' in self out. Eventually the people got a belly full and turned the rascals out one way or another.

This Tax Revolt which seems to have captured the public's fancy is a straw in the wind. There are other signs around and about which indicate that the politicians who have been pickin' our pockets and runnin' wild with their power to dictate what we can and what we can't do are a little aware of the danger of the Situation right now. However, they indicate very strongly that they favor the public and the people will wear off and change will settle back to what they consider normal. This notion appears to be off the mark more than somewhat.

There has been a fundamental change in Public Attitude. The natives are really restless and we have been ready to make some changes. When this kind of situation jells and folks zero in on the people responsible for the mess, you can expect to see some improvement. What has triggered this revolt? It's hard to pinpoint.
It does seem that one thing stands out. People want to see a change in leadership when Jimmy Carter arrived on the scene and promised flat about everybody every thing they thought they really wanted, includin' less politics as usual. When he could not begin to deliver on all those promises the spark was struck. People realized no one man could solve all their problems and no one man in Gov. ment was responsible for all their woes. This is when the Revolt started to crystallize and the pendulum started to swing in the other direction.

The coming of men are gonna be mighty interestin' and we may have a new set of politicians just as sorry as the present set, but there will be some new faces.

Ever thine,
The Editor.
P. S.: Uncle Dunk as if you doubt the camel was a horse put together by a committee, just take a look at the Energy Bill built by Congressional Committees. Dunk says some of his operatives in the oil & gas business report if price controls are taken off natural gas thousands of wells which are now capped would be in production in next to nuthin' flat. Scads of wildcat-ers have lots of gas located, but are not producin' it so they will get locked in on low regulated prices in the future. Another good example of price control generating a shorriago. Somebody figured out that the U. S. Dollar back in the FDR days has since shrunk to 27 cents. Wus that the two bits Carter was tawkin' about in the Tax Cut Debate? — Thassall, Brother!

There's good reason why the Brangus female is America's Number 1 brood cow—she consistently raises calves that make profits for cattlemen! Experimenting with different breeds and crosses, cattlemen found the 3/8 Brahman—5/8 Angus combination to be the perfect heritage for a profitable brood cow. Brangus females are highly fertile and mature early, calving as 2-year-olds with no difficulties, traits inherited from their Angus forebears. They get longevity and easy calving from their Brahman ancestry, and excellent milking ability from both breeds. Together, these traits make the ideal mother cow.

Calves produced by Brangus mothers wean 75 to 100 lbs heavier than other breeds. They are hardy good-doers that gain quickly on feed or forage. But more important, Brangus calves are preferred by stockers, feeders, packers, and consumers alike. They give you the most pounds of high quality meat at the lowest possible cost, and at the same time bring top dollar at the stockyards and in the supermarket.

Hardy! Adaptable! Profitable! BRANGUS! The cow you've been waiting for.

Big Texas Delegation Expected to Attend RAAA Convention

Denton — Proposed bylaw changes of the Red Angus Association of America to be considered during its 25th anniversary convention in San Francisco Oct. 28-Nov. 4 are expected to attract a large delegation of members from Texas.

Mike Sweet, executive director, said consideration will be given to reorganizing the regional structure of RAAA which would reduce the number of national regions in Texas from two to one, and possibly causing the same reduction in national directors from Texas.

Gayle Ingram, Quilman, is one of Texas present directors, and his term will expire as of this convention. The directorship held by Ingram will be filled from all over the U.S. "With a large enough voting delegation from Texas, the state could still hold that directorship, however," Sweet said.

Clifford Halfmann, Rowena, president of the Texas Red Angus Assn., is the other director and his term on the national board does not expire this year.

Texas Red Angus Convention In Temple Sept. 23

Temple, Texas — The annual meeting of the board of directors and membership of Texas Red Angus Association will be held in the Ponderosa Motel here Sept. 23, or at Corsicana.

Clifford Halfmann of Rowena is president, Glen Halfmann of Miles is secretary-treasurer, and Lou Hertenberger of Navasota is vice president of the association.

Directors whose terms will expire are E. R. Mobley, San Antonio; Philip Bongio, Houston, and Jim McNabb, Edgewood. Two year directors are E. T. Goodman, Dallas; Dennis Halfmann, Rowena; and N. J. Mainier.

Also to be considered will be an addition to the bylaws of blood typing to allow blood typing of sires used artificially, blood typing of registered animals, and blood typing on the basis of a formal protest by an owner who suspects he might have an animal of some other breed thinking it was Red Angus.

Ronald Reagan To Keynote Red Angus Convention Nov. 1

Denton — Red Angus Association of America member will "kickoff" their Twenty-fifth Annual Meeting in San Francisco on November 1, 1978, with the man Americans are talking about, Ronald Reagan.

Reagan will keynote the Silver Anniversary Event at the Annual membership luncheon, which this year will be open to the public. Red Angus breeders from across the United States will serve as hosts to the beef industry. Ronald Reagan was born and raised in Illinois. He earned his college degree in economics at Eureka College there. Then he became a radio sportscaster in Iowa, first in Davenport, then in Des Moines. One year, when he went to California to cover the Chicago Cubs spring training, he ended up taking a screen test that launched him on a new career that included 55 feature-length films. Later, he became host of television's "General Electric Theater" and "Death Valley Days".

He was also a house cavalry reserve officer and during World War II he was Captain in the Air Force. And during his film career he was six times president of his union, the Screen Actors Guild, where he learned the art of contract negotiating.

Then in 1960, at the urging of many of his fellow Californians, our speaker ran for Governor. He won by a landslide and was reelected in 1970. During his eight years as Governor he erased California's red ink, put the state in the black, and turned back to the taxpayers \$5.7 billion in tax credits and refunds. And, his welfare reforms have become the model for many other states.

In late 1976, our speaker responded to another call from thousands of his fellow citizens and became a candidate for the Republican nomination for President. Over then next 10 months millions of Americans supported him. When he missed the nomination by "a whisker", he turned around and campaigned for his party's ticket in 25 states.

He has a nationally syndicated radio program five days a week and a newspaper column twice a week. He is chairman of Citizens for the Republic, an organization which supports many candidates from his party. He travels widely and is one of the nation's most sought-after speakers.

Tickets for the November 1 luncheon are available through the Red Angus Association of America, P. O. Box 776, Denton, TX 76201, (817) 387-3502, or through the Grand National Livestock Exposition, Box 34206, San Francisco, CA 94134 or phone (415) 584-9480.

East Texas Auctions

East Texas auctions Sept. 5-7 at Corsicana, Madisonville, and Terrell. Receipts \$700. Slaughter cows 1,000-2,000 higher. Slaughter bulls advanced 1,000-1,500. Few slaughter calves and yearlings firm early. Feeder cattle and trading continuing to improve through week, closing fully 200-400 higher. Instances 500 higher Texas.

Red Angus Bull Test Postponed Until Sept. 22

Corsicana — The Texas Red Angus bull test originally scheduled to begin at Navarro College here Aug. 18 has been postponed and will begin Sept. 22 instead.

Clifford Halfmann, Rowena, president of TRA and Tim Bauer, Wink, a director, will meet with Wayne Burkhalter Jr. of Navarro College early next week to work out details of the test.

"We expect as many as 40 bulls for the test," Halfmann said. The delay in starting was to accommodate breeders whose bulls would have been too young to go on test Aug. 18, Halfmann said.

Three Texas Juniors To Take Red Angus To National Show Nov. 3

Rogers, Texas — Three members of Texas Junior Red Angus Assn. will take animals in the Red Angus Association's 25th anniversary show at San Francisco on Friday, Nov. 3 at the Cow Palace.

Bobby Nabours, Rogers, president of TJRAA, and his brother, Barry, will have three head, and Mark Miller and Joshua will have two head in the show. The plan to pool their five head into one trailer for the 1,800-mile trip with the University of Georgia, will judge the show, which is expected to attract about 100 head of the best.

ifies all of its Hix Mixer cattle itself using the six essentials laid down by the Founders, fertility, milk production, weight, hardness, disposition and conformation.

W. T. Hix said, "We believe there is no man who can look at a 12-month-old heifer and tell whether or not she possesses these six essentials. Therefore, our classification (since it is voluntary) is the Hix brand and our prefix name, Hix Mixers. We stand on — behind four generations of cattlemen. Our cattle are what we say and they are and what you say they are by seeing our herd and putting your own classification and price on them."

The ranch is between Valley Mills and Jomeaboro on Highway 217 about 10 miles west of Waco.

Bert & Ruben Reyes, San Antonio, will be sale managers and auctioneers. Further information is available from W. T. Hix, owner, Gatesville, Texas 76828, phone 817/865-5126; or Walter T. Hix, manager, 817/945-3223.

ROOF COATINGS

Old roofs of composition shingles & old cedar shingles can be extended many years. Anyone can apply by brush. M.A. BLACK is a mineral asphalt that dries in 30 minutes. Being thin, it penetrates the cracks and can, by itself, stop most leaks. Not a tar. T.M. WHITE is a white coating developed especially to be brushed over the old roof. Either may be used without the other. Best recommendation is that the M.A. BLACK be applied and then two coats of T.M. WHITE. This very permanent repair, at a cost of less than a new roof. The white surface contributes much to cooling in summer. This is our 28th yr. Write for our catalog. We ship same day order is received.

AVISO PUBLICO
UN RESUMEN DE LAS ENMIENDAS PROPUESTAS A LA CONSTITUCION ELECCION GENERAL 7 DE NOVIEMBRE DE 1978

LA ENMIENDA PARA ALIVIO DE IMPUESTOS (H.J.R. 1)

H.J.R. 1 propone una enmienda a la constitución de Texas permitiendo a la legislatura que exente propiedad personal intangible, requiriendo que la legislatura exente ciertos artículos cuatros y efectos particulares; y permitiendo a la legislatura que exente todo o parte de la propiedad personal del hogar seguro, de la imposición de impuestos estatales y locales sobre propiedad.

La enmienda requiere a la legislatura que disponga la imposición de impuestos sobre tierras agrícolas y rancheros basadas en su capacidad productiva en vez de su valor de mercado y permite a la legislatura que disponga la imposición de impuestos a bosques de madera basados en su capacidad productiva.

La enmienda permite a los gobiernos locales que extiendan la exención actual de no menos de \$2,000 del hogar seguro residencial para personas de 65 años o más de edad para incluir ciertas personas incapacitadas.

La enmienda concede una exención de \$5,000 en el valor de mercado del hogar seguro residencial en los impuestos para personas de 65 años o más de edad que poseen una propiedad. Autoriza a la legislatura que conceda una exención adicional de los impuestos para escuelas públicas sobre propiedad de una cantidad que no exceda \$10,000 del valor de mercado de hogares seguros residenciales de personas 65 años o más de edad y ciertas personas incapacitadas. Si la persona de 65 años o más de edad es elegible para esta exención, la cantidad total de los impuestos para escuelas públicas sobre la propiedad no puede incrementarse.

La enmienda previene que gobiernos locales incrementen los impuestos sobre propiedad a menos que el cuerpo administrativo provea aviso público y lleve a cabo una audiencia pública. La enmienda requiere a la legislatura que disponga por ley que cada propietario reciba aviso de la "exención" de su propiedad y la cantidad de impuestos en sus impuestos.

La enmienda limita las apropiaciones de los ingresos de impuestos estatales en una cantidad que no exceda la tasa de crecimiento económico estatal, con la legislación autorizada para conceder exenciones de emergencia. La enmienda prohíbe la valuación de propiedad inmueble a través del estado cuando la tasa de impuestos sobre propiedad excede la que la legislación requiere que la legislación

NO. 2 (S.J.R. 55)

S.J.R. 55 propone una enmienda a la constitución de Texas para permitir que gobiernos locales em

tan bonos para la reconstrucción o adquisición de facilidades (torrenses, equipos, mejoras) con la intención de desarrollar oportunidades de empleo. Estos bonos se pagarán solamente de los ingresos de la venta o arriendo de estas facilidades. Gobierno local debe determinar que la construcción o adquisición de tales facilidades es necesaria para desarrollar oportunidades de empleo.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional para disponer que la legislatura pueda permitir que las subdivisiones políticas emitan bonos de ingresos, para desarrollar oportunidades de empleo para sus ciudadanos."

NO. 3 (S.J.R. 44)

S.J.R. 44 propone una enmienda a la constitución de Texas que permita que la legislatura autorice a ciudades y pueblos la emisión de bonos de impuestos incrementados para financiar el desarrollo de áreas deterioradas. Solamente se pagarán los bonos de los ingresos de los incrementos en impuestos municipales. No pagos se pueden hacer de los ingresos de impuestos municipales, servicios públicos u otros servicios.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional que da a la legislatura el poder de autorizar las ciudades y pueblos para emitir bonos para financiar el desarrollo de áreas deterioradas y prohibir cualquier ciudad o pueblo de conceder su dinero o prestar su crédito para tales fines."

NO. 4 (S.J.R. 53)

S.J.R. 53 propone una enmienda a la constitución de Texas para permitir que la legislatura exente de la imposición de impuestos, aparatos para energía o de viento.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional eliminando la referencia arcaica al 'Instituto de Sordos y Mudos,' permitiendo que ciertos productos y servicios de personas incapacitadas sean usados por agencias y departamentos del gobierno del estado, requiriendo que otros productos y servicios requeridos en la operación del gobierno del estado sean obtenidos por oferta reconocida al poseer responsable que ofrece el precio más bajo, haciendo que todos los proyectos de promulgación sean sujetos a las leyes establecidas por la legislatura y eliminando el requisito que el Comptroller de Texas, el Secretario de Estado, el Comptroller de Cuentas Públicas de Texas participen personalmente en tales negociaciones."

NO. 5 (H.J.R. 37)

H.J.R. 37 propone una enmienda a la constitución de Texas para conceder competencia exclusiva a jueces de paz en causas civiles cuando la cantidad en controversia no exceda \$200, a menos que la legislatura conceda competencia exclusiva a otro corte. La enmienda concede jueces de paz competencia concurrente con cortes de condado cuando la cantidad en controversia excede \$200 y \$500, a menos que la legislatura conceda competencia exclusiva.

NO. 6 (S.J.R. 45)

S.J.R. 45 propone una enmienda a la constitución de Texas para permitir que la legislatura aumente el número de jueces en cualquier corte de apelaciones civiles. Al presente, cortes de apelaciones civiles están limitadas a un juez presidente y dos jueces asociados. La enmienda también permitiría a las cortes que sesionen por secciones, con la concurrencia de una mayoría de los jueces para decidir una causa."

NO. 7 (S.J.R. 48)

S.J.R. 48 propone una enmienda a la constitución de Texas eliminando la Comisión de Edificios del Estado y el Fondo de Edificios del Estado. La autoridad de la Comisión de Edificios del Estado ha sido trasladada por ley a la Junta de Control del Estado.
